

# Moving & Handling Range

## OUR PHILOSOPHY

As a global supplier and manufacturer of healthcare textile solutions, MIP provides comfort and efficiency for the healthcare community and its people.

We believe in quality of life without compromise. That even the smallest improvements can hold the greatest importance. And when it comes to health, no detail is too small.

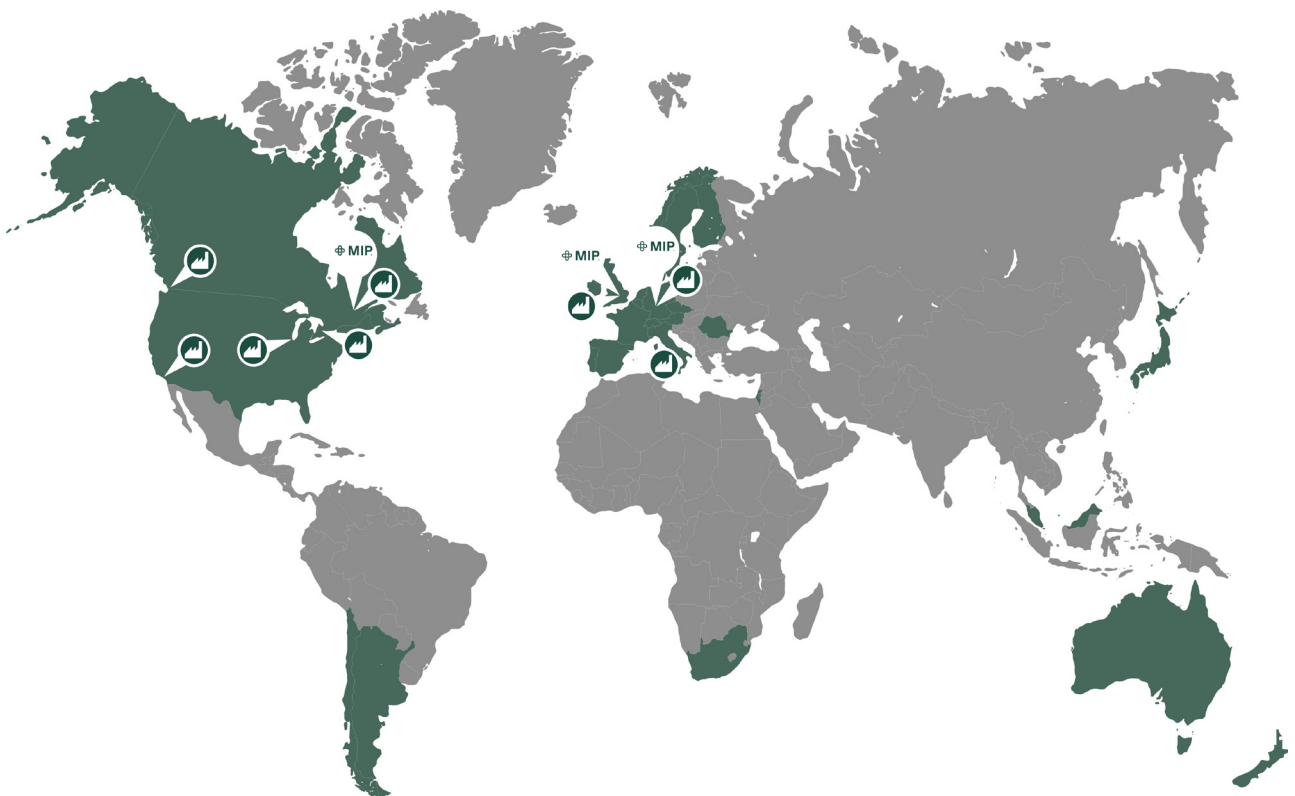

**MIP. The softer side of healthcare.**

## A LITTLE BIT ABOUT US...

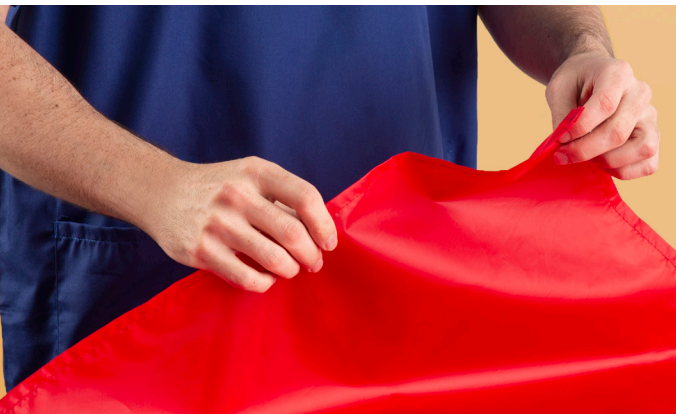

MIP UK Ltd. was founded in 1992, we've been building our business and our clients' businesses for more than 30 years.

With Business Units in Canada, Germany and the United States, as well as warehouses located across North America and Europe, we make sure our clients receive the products they need, where and when they need them.

**Our Moving & Handling range is designed to meet the needs of patients, residents and their care giver by supporting care requirements and risk assessments.**

### SLIDE SHEET RANGE

Cromptons Healthcare by MIP Slide Sheets are made from Transtex, a specially developed fabric that is silicone coated on both sides to provide a slick, low friction finish for easy care receiver movement and turning.

Both patient specific and reusable slide sheet options are available. Our Reusable Slide Sheets can be washed in temperatures up to thermal disinfection to allow reuse with different care receivers.

Our Poly-glide slide sheet is an affordable alternative patient specific slide sheet.

### SWIFT® IN-BED REPOSITIONING SYSTEM

Affordable and easy-to-use, Swift® from MIP, is a washable in-bed repositioning system that is also discreet and comfortable for the care receiver.

The Swift® System features 2 elements, the Swift® Slider and the UltraSlide bottom sheet, which work together to support repositioning and turning manoeuvres in bed.

The durable fabric is suitable for home, residential and commercial laundering, including thermal disinfection.

### TRANSFER SHEET RANGE

Our Cromptons Healthcare by MIP Transfer Sheet range includes patient specific and reusable transfer sheets options to suit a variety of needs within the care environment.

### Red Flat Patient Specific Slide Sheet

---

- Available in standard and extra wide sizing.
- Full body-length sheets that offer multi-directional movement.
- Suitable for use with a single person, multiple times.

### Blue Flat Reusable Slide Sheet

---

- Available in standard, extra wide and bariatric sizing.
- Full body-length sheets that offer multi-directional movement.
- Suitable for hospital laundering using standard hospital laundry guidelines HSG(95)18.

### Lilac Flat PS Bariatric Slide Sheets

---

- Available in bariatric size - 200 × 140cm.
- Full body-length sheet that offers multi-directional movement.
- Suitable for use with a single person, multiple times.

### Red Flat PS Slide Sheet with Handles

---

- Available in standard and extra wide sizing.
- Full body-length sheets that offer multi-directional movement.
- Featuring handles along the full lengths of three sides for a positive grip and safe patient movement.
- Suitable for use with a single person, multiple times.

### Blue Flat Reusable Slide Sheet with Handles

---

- Available in standard, extra wide and bariatric sizing.
- Full body-length sheets that offer multi-directional movement.
- Featuring handles along the full lengths of three sides for a positive grip and safe patient movement.
- Suitable for hospital laundering using standard hospital laundry guidelines HSG(95)18.

### Lilac Flat PS Bariatric Slide Sheet with Handles

---

- Available in bariatric size 200 × 140cm.
- Full body-length sheet that offers multi-directional movement.
- Featuring handles along the full lengths of three sides for a positive grip and safe patient movement.
- Suitable for use with a single person, multiple times.

### Red Tubular Patient Specific Slide Sheets

- Available in standard and extra wide sizing.
- Formed by sewing the fabric into a continuous tube.
- A web hanging loop is provided to allow the tube to be kept with the patient at all times.
- Suitable for use with a single person, multiple times.

### Blue Tubular Reusable Slide Sheets

- Available in standard, extra wide and bariatric sizing.
- Formed by sewing the fabric into a continuous tube.
- A web hanging loop is provided to allow the tube to be kept with the patient at all times.
- Suitable for hospital laundering using standard hospital laundry guidelines HSG(95)18.

### Lilac Tubular PS Bariatric Slide Sheets

- Available in bariatric size - 200 × 140cm.
- Formed by sewing the fabric into a continuous tube.
- A web hanging loop is provided to allow the tube to be kept with the patient at all times.
- Suitable for use with a single person, multiple times.

### Ready-to-Go PS Slide Sheet Pack - No Handles

- 1x Red Flat Patient Specific Slide Sheet - no handles.
- 1x Yellow Flat Slide Sheet (no handles).
- 1x Slide Sheet Storage Bag.
- Suitable for use with a single person, multiple times.

### Ready-to-Go PS Slide Sheet Pack - with Handles

- 1x Red Flat Patient Specific Slide Sheet with Handles - handles along the full lengths of three sides for a positive grip and safe patient movement.
- 1x Yellow Flat Slide Sheet (no handles).
- 1x Slide Sheet Storage Bag.
- Suitable for use with a single person, multiple times.

### Patient Specific Slide Sheet Glove

- Made from the same material as our Crompton's Healthcare Patient Specific Slide Sheets.
- Suitable for use in a number of applications including small repositioning tasks, skin unloading, as a clothes dressing aid and to aid sling fitting.

### Poly-glide Flat Slide Sheet by MIP

**Poly-glide is a Flat Patient Specific Slide Sheet offering multi-directional movement. It is produced in a tough polypropylene with a low friction PU coating on the non-printed side.**

- Available in standard and bariatric sizing.
- The carton contains 100 slide sheets and acts as a neat convenient dispenser.

### UltraSlide® Bottom Sheet

- Available in standard and bariatric sizing.
- Flexible enough to fit most healthcare mattresses including profiling beds & alternating air pressure reducing mattresses.
- Carbon fibres integrated into the centre panel reduces static build up.

### Swift® Slider - Long Length

- L200 x W205cm - head-to-toe coverage.
- Suitable for standard and bariatric application.
- The Swift® Slider's thin profile will not impair the performance of alternating air pressure reducing mattresses and can therefore remain on the bed when not in use (tucked in), making it readily available when needed.

### Moving & Handling Accessories

- Extension Handles for use with JC100 Transfer Sheet and Flat Slide Sheets with Handles.
- Slide Sheet Storage Bag for convenient storage of slide sheets.

### Swift® Slider - Standard Length

- L123 x W186cm - shoulder-to-hip coverage.
- Suitable for standard and bariatric application.
- The Swift® Slider's thin profile will not impair the performance of alternating air pressure reducing mattresses and can therefore remain on the bed when not in use (tucked in), making it readily available when needed.

### Swift® Slider - with Handles

- L200 x W243cm - head-to-toe coverage with handles to attach to a hoist if needed.
- Suitable for standard and bariatric application.
- The Swift® Slider's thin profile will not impair the performance of alternating air pressure reducing mattresses and can therefore remain on the bed when not in use (tucked in), making it readily available when needed.

### JC100 Patient Specific Transfer Sheet

- Available in standard and bariatric sizing.
- Produced in a strong fluid repellent non-woven polypropylene to provide a cost effective solution for patient transfers.
- Features five ergonomic handles cut into each side to facilitate positive grip.

### Reusable Transfer Sheet - Long Handles

- Available in full body length, extra wide size.
- Produced in Transtex fabric without silicone coating, which makes the transfer sheet ideal for operating theatre use.
- Six long horseshoe handles make easy patient transfer possible whilst maintaining correct posture.
- The durable fabric is suitable for hospital / commercial laundering.

## PRODUCT SPECIFICATIONS
